

FARAX®

Designed for:

Bearing & Gear Fatigue test!
Lubricant Screening!
Customised Design!

New in 2020!

- ✦ Vector Motor: up to 60,000rpm
- ✦ Hydraulic loading: axial, radial, bi-directional
- ✦ Loading: up to 100 KN
- ✦ Customised bearing size: OD 30-480mm
- ✦ Lubrication: oil circulation, spray
- ✦ Available models: standard FARAX®-FE8, FARAX®-FE9, FARAX®-E (for E-mobility)
- ✦ Measured parameters: load, speed, torque, vibration, temperature (several positions)
- ✦ Can be used for both lubricant and bearing material evaluation
